This article contains excerpts from the diary of my ex-husband, ALBERT JAQUIER. These entries are from 1994, the last year of his life. He died on December 11, 1994. He was 59 years old when he wrote these entries. He had completed OT7, which promises to make a person "Cause over life", he had been in the Scientology cult for 14 years, and had given his fortune of several million dollars. He had a heart condition, was physically incapable of working, and had had a stroke at the end of 1992. Shortly before his death he told me he did not think he would live very long and made me promise I would make his experiences publicly known so that others would not have to suffer in the same way. The original entries are in French, which I have translated. My explanations of his shorthand, and identification of the names involved, are in parentheses. While reading this it should be borne in mind that the picture here is of a man who had been pushed way beyond the limits of what anyone should be asked to suffer. It would be a great disservice to his memory if I did not indicate that, prior to losing his health, Albert had worked, and he routinely worked 16 and 18 hour days, seven days a week. That was how he had gotten from being a junkyard laborer to a self-made millionaire pre-Scientology. If he had been physically capable of working he would have tried to recover from or prevent his financial ruin. He was a warm-hearted and generous man, the proof is he LOANED over \$1,000,000 to 11 Scientologists, without collateral, on the recommendations of other Scientologists and, at the time of his death, only one of them had repaid him.

The Scientologists who did not repay Albert, and the amounts he calculated they owed as of May 1994, are as follows:-

	Amount owed as of May '94
CHRISTIAN BOSIGER OT8	\$ 33,940
JODY DARLING OT7, PATRON MERITORIOUS	\$304,564
CHRISTIAN DELALEZE, SEA ORG MEMBER	\$ 12,120
? LABRE, CLEAR	\$ 9,131
? PESCE	\$ 731
? PICHON, CLEAR	\$ 41,587
CLAUDE-ANDRE QUENNOZ, CLEAR	\$ 32,859
RENALD RACINE, ON OT7	\$ 8,891

HANS-KASPAR RHYNER, OT5, PATRON MERITORIOUS
GIGI TROGLIO, OT7

\$344,028
\$ 46,062

Here are his diary entries:

January 1

Phoned Baer (Edwin Baer, a delinquent debtor, Scientologist, owing Albert \$150,000 + interest who eventually paid but refused to pay the \$40,000 interest) Ruth (Baer's wife) answered, long communication not very nice. I want to ask my refund from IAS. Brought the Jeep to the dealer to try to trade it for something with lower payments.

January 13,

I am very irritable. My body and joints are very painful.

Still the same money problems.

are "ethical" as defined by Hubbard)-- busy. Sad, no more courage, headache.

April 30

Very tired, very tired.

May 2

Ariane paid \$650 for Michael's school.

May 5

No Jody, no Chaplain Court.

withholding because he fears the consequences of its being divulged. It can be an overt, or just something embarrassing. A common Scientology action is to "write O/Ws", IN FULL DETAIL, and give them to the Ethics Officer and Case Supervisor, who take appropriate actions).

Concerning Ariane, I will not do what I have done to her, I will handle with a lot of ARC (Affinity, Reality and Communication. When Albert and I divorced I was told by the Ethics Officer to give Albert custody of Michael. Later Albert became more and more convinced that I was bad for Michael and refused to allow me

ANY contact with Michael for a period of 7 months. When I called, Albert had someone else tell me on the phone that I had to get permission from the Ethics Officer to see my son. This is the practice called "disconnection" advocated by Scientology. My son was THREE years old at the time).
